It is time for a quarterly update on this project. Since the last updates we have net added 28 more Land-Rovers:

80":	4
86":	6
107" Reg:	1
107" SW:	1
88":	7
109" Reg:	2
Other:	7

8 more chassis numbers were added to the database which let us increase the known number of US/Canada original trucks by 6.

As a cautionary note, as per the January update we have on 1948 80" listed. The person who owned in the 1970s claims that it is a 1948, but grainy period photos point more towards a 1952 or 1953.

As this registry begins to grow we know have photos of 359 of the 601 Series Ones, many of which are from recent years.
