

# North American Series One Register

Update No. 3

1 Feb 2015

Author: Benjamin A. Smith

There are currently 526 known Series One Land-Rovers in Canada or the United States. 29 Land-Rovers have been added since the update No. 2 on 1 Jan 2015.

Other	0	0	0	37	37
Total	253	161	111	254	526

The last month has been a month of consolidation of existing data and incremental growth. We are still at the stage of reaching out to clubs and finding more trucks. Since the last update we have seen the following additions:

80":	6
86":	8
107" Reg:	3
107" SW:	5
88":	8
109" Reg:	(1) net loss of one from list
Other:	(1) net loss of one from list

32 more chassis numbers were added to the database which let us increase the known US/Canada count by 43 and the non-US/Canada count by 11. Yes  $43 + 11 \neq 32$ . Discrepancy comes from reviewing the chassis numbers that we had vs. build records. As of the January update we had only done the review for 80", 107", 109" and 86". In February we added in the 88".

As a cautionary note, as per the January update we have one 1948 80" listed, which other owner in the 1970s claims was a 1948, but grainy photos point towards a 1952 or 1953.

At this time NASOR is not issuing an opinion as to how many of these Land-Rovers are currently operational nor issuing any location data.

Reminder that NASOR has a web site ([www.nasor.org](http://www.nasor.org)) where this and other updates will be posted.

Feel free to send any updates, rumors or photos that you have to [info@nasor.org](mailto:info@nasor.org)
